- The Role of Strategic Communications in
Countering Information Warfare Threats. 55
Suleiman Karasayev

Psychological Sciences

- Individual Psychological Factors of the Adaptation
of Ukrainian Forced Migrants during Wartime. 60
Nataliia Suprunova, Dmytro Usyk

Technical Sciences

- Application of AI Recommendation Systems
for Workflow Optimization under Uncertainty. 69
Dmytro Kataiev, Valentyn Buhaichuk
- Development of a Nonparametric Model for
Supporting Software Development Project Management. 71
Dmytro Kyrpychov
- Predicate Model of Knowledge Representation
and Its Application in the Real Estate Selection System. 73
Ievgenii Kuzminov, Maryna Kostikova, Serhii Neronov
- Intellectual Economic-Mathematical Modeling in Transport Logistics under
Conditions of Systemic Instability: From a VUCA to a SHIVA World. 76
Maxim Krasnyuk

Physical and Mathematical Sciences

- Formation of the Functional Line in
the School Mathematics Course. 82
Olena Olefir, Tetiana Drahan

Philological Sciences

- Digital Didactics in English Philology: New
Models of Blended Learning in Higher Education. 86
Kateryna Polianska

Text Mining for Big Linguistic Data in Modern Philological Conditions: Dynamic Conditions of Uncertainty, Turbulence and Risks.	90
--	----

Svitlana Goncharenko

Metaheuristic Optimization for Modern Computational Linguistics in the Age of SHIVA and WARMI Paradigms.	95
--	----

Svitlana Krasniuk

Philosophical Sciences

The Notion of Melétē in Plato's Symposium.	101
---	-----

Bohdan Kozak

Psychoanalytic Dimensions of the Formation of Legal Consciousness.	106
--	-----

Taisiia Sokil

Historical Sciences

Eastern Galician Cities in Travel Accounts of the Nineteenth and Early Twentieth Centuries.	112
---	-----

Veronica Shtonda
